

A.Y. Jackson Secondary School Exchanges & Trips Plan

AYJ is a school that travels. We offer our students multiple opportunities to see the world and experience new cultures. We have a long tradition of student exchanges with schools in both Spain and China and within Canada. We also offer international tours such as the Canadian Battlefields trip every 3 years. In the past we have traveled to Greece, Italy Peru, Guatemala and many other destinations. Board-wide trips such as the geography themed annual Iceland trip are also available to our students.

Become part of an AYJ tradition and join one or more of our exchanges and trips during your four years at AYJ.

AYJ was one of first high schools in Ottawa to offer the OCDSB International Certificate Program. By participating in an international exchange or trip, you will have already completed some of the requirements for this certificate. See Mr. Barter in the Canadian & World

Studies Department for more information about joining the International Certificate Program.

Here is our plan for the next four years.

	2017-2018	2018-2019	2019-2020	2020-2021
