

A.Y. Jackson Secondary School Exchanges & Trips Plan

AYJ is a school that travels. We offer our students multiple opportunities to see the world and experience new cultures. We have a long tradition of international student exchanges with schools in both Spain and China as well as across Canada with recent exchanges to schools in Nunavut and Newfoundland. We also offer international tours such as the Canadian Battlefields of Europe trip every 3 years. Board-wide trips such as the geography themed Iceland trip are also available to our students.

Become part of an AYJ tradition and join one or more of our exchanges and trips during your four years at AYJ.

AYJ was one of first high schools in Ottawa to offer the OCDSB International Certificate Program. By participating in an international exchange or trip, you will have already completed some of the requirements for this certificate. See Mr. Barter in the Canadian & World Studies Department for more information about joining the International Certificate Program.

Here is our exchanges and trips plan for the next four years.

	2019-2020	2020-2021	2021-2022	2022-2023
