

A.Y. Jackson Secondary School Exchanges & Trips Plan

AYJ is a school that travels. We offer our students multiple opportunities to see the world and experience new cultures.

We have a long tradition of student exchanges with schools in both Spain and China. As well, we offer city trips to the USA, inter-Canadian exchanges as well as international tours such as the Canadian Battlefields trip, Peru and Italy.

Become part of an AYJ tradition and join one or more of our exchanges and trips during your four years at AYJ.

AYJ was one of first high schools in Ottawa to offer the OCDSB International Certificate Program. By participating in an international exchange or trip, you will have already completed some of the requirements for this certificate.

Here is our plan for the next four years.
